RE-KEY TECHNOLOGY

SMARTKEY SECURITY HOW SMARTKEY WORKS

Make sure you have your current key, the SmartKey tool, and your new key.

Current Key

SmartKey Tool

New Key

1 Insert the key that currently operates your lock, and rotate it 90° clockwise.

2 (A) Insert the SmartKey tool fully and firmly into the SmartKey hole.
(B) Remove the SmartKey tool and the current key.

3 (A) Fully insert your new key into the lock, and rotate it 180° counter-clockwise.
(B) Rotate the new key 90° back to the starting position, and remove it. Your lock is now re-keyed to your new key, and your old key will no longer operate the lock.
